

## Mood Music

|                            |                                                                                                                                                              |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Verse 1                    | Liquefied, when you touch romance<br>Symptoms of madness, bleary sight<br>You're driven by a passion trance<br>Unknowing actions<br>Obsession child          |
| Verse 2                    | You're all alone, an island realm<br>Atmosphere, a confessing gaze<br>Solitude in a crowded room<br>The fourth dimension<br>Thoughts penetrate               |
| Pre-Chorus                 | I hear the violins playing<br>Are they moving you,<br>Moving you, moving you<br>I hear the violins playing<br>Are they moving you,<br>Moving you, moving you |
| Chorus                     | Mood music<br>I hear the mood music<br>Mood music<br>It's the mood music...                                                                                  |
| Verse 3                    | A private hope for eternal sighs<br>Limitless embraces, silent bonds<br>Out of reach from the mortal lives<br>A fortress of dreams when two are one          |
| Pre-Chorus                 | I hear the violins playing<br>Are they moving you,<br>Moving you, moving you<br>I hear the violins playing<br>Are they moving you,<br>Moving you, moving you |
| Chorus                     | Mood music<br>I hear the mood music<br>Mood music<br>It's the mood music...                                                                                  |
| Music Break<br>Chorus Vamp |                                                                                                                                                              |
